OFFICIAL PAPER OF THE CITY.

# Janesville Daily Gazette.

VOLUME 8.

JANESVILLE, WIS., THURSDAY, NOV. 17, 1864.

NUMBER 223.

THE WEEKLY GAZETTE is now the largest paper printed in the State, and having the largest circulation in the West. It is published by the same publishers as the Daily Gazette, and is sent to all subscribers at the same rate. It contains all the news of the day, and is a valuable paper for all who are interested in the progress of the war.

## The News.

The latest news from General Sherman is up to Thursday last when he writes to his wife that he starts the next day, and that he must expect her next news of him through rebel sources. The dispatches are so full of news that it is difficult to select the most important. The rebels are so nervous that they are sending out all sorts of rumors. The latest from the rebels is that they have captured a gunboat on the Mississippi. The *Kuller* having been bargained by her commander.

A correspondent of the *Post* intimates that President Lincoln in his forth coming message, will again offer the most generous terms to the rebels. We trust, among other good things he may have to offer, he will include a liberal supply of *hemp*.

An officer just escaped from the rebels asserts that our prisoners have been removed from Andersonville. Eight thousand are at Savannah and two thousand are at Milledgeville.

It will be seen that the rebels cannot near having a gunboat on the Mississippi. The *Kuller* having been bargained by her commander.

A black flag captured from General Early's forces, has been forwarded to the War Department.

General Egan and General Canby are both reported seriously wounded—the latter is said to have died of his wounds yesterday.

It is reported that Early has retired from the Shenandoah and gone to Lynchburg. Gold has taken another downward step, closing at 2.23.

The New York *World* that assured McClellan the next day after the election, that he was elected, and insisted for a long time that Seymour had carried the State, gives it up at last. It says:

We give it up. We have lost the state, both on the electoral vote and on governor. Every additional return makes the matter worse. The majority on the wrong side will be small, but it will be enough. We give the table of majorities elsewhere, carefully revised up to a late hour last night.

SHERMAN'S DESTINATION.—Capt. Armstrong, who has just arrived in Madison from Atlanta, informs the *Journal* that Sherman's army about Atlanta were all ready to start upon a great expedition, but none knew whither they were going. Only one wagon to a regiment was allowed for baggage. The army were to take a large number of rations of salt and hard tack, but very little else.

THE N. Y. *Commercial* says: "Within the last few days the business of recruiting in this city has grown very active. It is a long while since so large a number of recruits were received in the same space of time as during the closing days of last week. It is anticipated that the business will continue very lively during the winter months."

ELDERLY DAY PASSED OFF very quietly in New York last evening, when immense crowds gathered in the streets and about the newspaper offices to hear the result. The *Tribune* says the scene about the newspaper offices was one of greater excitement than has been witnessed in New York for more than twenty years.

DARTMOUTH, with the other colleges, feels the effect of war. Her freshmen class is much smaller than usual, numbering but twenty-nine. The whole number of students is two hundred and thirty, of whom thirty-seven are in the scientific, one hundred and forty-six in the classical and forty-seven in the medical department.

THE VOTE OF CHICAGO.—The official vote of the city of Chicago is 27,230, and the Union majority 1,331. In the county the Union majority was 4,316. According to copperhead logic, Chicago and Cook county are not far from ruin. The *city and patriotism of the Times* has failed to avert the impending ruin!

Newburyport, Mass., is at work to provide for another draft. The City Government has appropriated money to pay \$125 each for one hundred and twenty-five recruits and the citizens are going to make up enough to pay \$200 bounty to each man.

The Milwaukee *News* says in that city substitutes for one year's service are selling at from \$500 to \$525, and for three years, at prices ranging from \$700 to \$800. The enforcement of the supplemental draft is causing a renewed demand for them.

LIEUTENANT W. B. CUSHING, who recently destroyed the rebel ram *Albatross*, was born in Wisconsin, but is now a citizen of New York. He is only 21 years old, but is as brave and cool as the bravest veteran.

A MAN named Gordon, formerly a soldier, has been arrested as the murderer of Owen Thompson, at Albany, last September. Mr. Thompson was a cattle dealer, and was murdered for his money.

TWO YEARS ago the people of San Francisco were raising money for Sacramento county, drowned out by a flood; now they are doing the same for Santa Barbara county, starved by drought.

WHOLESALE REBEL DESERTIONS.—The Norfolk *Old Dominion*, of the 10th, says that on that morning over 800 deserters came over in a body on the extreme right of the rebel position.

## Letter from the 38th Regiment.

Headquarters Co. I, 38th Regt. Wis. Vol. Inf., Camp near Peebles House, Va., Nov. 9, 1864.

Editors *Gazette*.—Well knowing the deep interest you take in the noble sons of the Badger State who are fighting the country's battles in the field as well as at the ballot-box, I send you the result of the vote of this regiment yesterday, as follows: For Lincoln 210; for McClellan 75.

The Democratic candidates for Congress universally failed to furnish tickets to this army so far as I have heard, give overwhelming majorities for Lincoln.

Yours, H. H. COLEMAN.

One of the soldiers who was killed by the recent accident on the Lafayette and Indianapolis Railroad, had been confined thirteen months over his time in Libby Prison. Most of those killed had served over three years and were returning home. Some soldiers who were on the train became exasperated, and wanted to bang the engineer of the cattle-train locomotive.

NOW A BLACK REPUBLIC IS GOVERNED.—President Gaffard, of Hayti, has issued a proclamation to his people, in which he tells them that though three insurrections had broken out within the past six months, they are now all quelled, and order is completely restored. The President has, at the solicitation of Gen. Philipeaux, consented to commute the treason in the Cape Haytien rebellion of July last. Gen. Philipeaux was one of their marked victims and his magnanimity is therefore the more noticeable. President Gaffard's proclamation is a well written, dignified document, and concludes with an expression of his faith in the permanency of the Haytien Republic. The city of Port au Prince intends building an hospital for the poor. The condition of the Republic, both politically and materially, is favorable.

JUDGE PAINE'S SUCCESSOR.—The announcement that Hon. Jason Downer, of this city, is appointed as the successor to Judge Paine on the Supreme Bench, will be received with universal satisfaction by the Bar of the State, without reference to party lines.

A profound and experienced lawyer, he has in an eminent degree the other qualities which fit him for a high judicial position. It was from a knowledge of his legal ability and impartiality that the entire bar of this city urgently requested his appointment. We have the utmost confidence that this appointment will be ratified by the people next spring.—*Milwaukee Sentinel*.

A Washington letter has this about Maryland: "This is the golden opportunity for all Northern agriculturists who desire to find a milder climate. Maryland farms are in the market, at prices below cost in good times. This is especially true in the counties exposed to raids. Frederick county is as desirable in point of climate and soil, as Dutchess in New York. It is far superior in its climate, yet farms are selling for one-third their real value. An immense emigration will set in towards this new free State as soon as the war is over; and, in fact, it is already commencing."

MURDER WILL OUT.—In March 1845, nearly twenty years ago, Mr. Parker, tax-collector of Manchester, New Hampshire, was murdered and robbed of a large sum of the city's money. Several persons were arrested at different times, but all acquitted, and until recently the perpetrator has remained unknown. The Portland Press states that a man named Blake has been arrested at Milan, Me., on charged of being the guilty party. The arrest has been made in consequence of the death bed revelations of a woman who died in Manchester.—Blake formerly lived in that city.

THE ESTATE OF JUDGE DOUGLAS.—Yesterday the executor under the will of the late Hon. Stephen A. Douglas, appeared in the County Court on Tuesday, and exhibited receipts to show that he had paid Mrs. Douglas over \$7,500, and the two children of the deceased statesman \$7,000 after discharging all claims on the estate. All the friends of the late lamented Douglas will be highly gratified to learn the above intelligence, as the report had gone abroad that Mr. Douglas had died insolvent.—*Chicago Times*.

THE PRESIDENT AND THE RETURNS FROM ILLINOIS.—A Washington correspondent writes:

"Among the multitude of private dispatches received by Mr. Lincoln, none appeared to give him more genuine satisfaction than one which announced that Springfield—his old home—had wheeled out of the Democratic ranks and had given a Union majority. The Prairie State indorsed the rail-splitter.

AUGUST BELMONT waited an hour and a half in the rain to cast his vote at the corner of Broadway and Nineteenth street. Instead of being allowed to vote, this illustrious chief engineer of the democratic machine found himself challenged because he had made a bet. To lose one's vote and one's money is certainly a little hard.—*N. Y. Tribune*.

THE COST OF PRINTED PAPER is fast reaching an altitude which threatens the destruction of a large number of the country press. At present prices, \$2 dollars a year does not cover the price of white paper. Unless there is a fall soon all the Wisconsin weeklies will increase their price to \$2.50 or \$3.—*Appleton Crescent*.

SUPREME COURT.—The newly appointed Justice, Jason Downer, took his seat on the bench yesterday. After hearing one or two motions the Court adjourned until December 6th, 1864, at which time the call of the calendar for argument will be resumed, beginning with No. 22 of the 9th Circuit.—*Madison Journal*.

THE REMAINS OF REV. THOMAS STAR KING were removed on the evening of the 22d of September, to the new vault prepared for them in the inclosure of his church in San Francisco. Mrs. King, Rev. Dr. Bellows, Rev. Mr. Stebbins, and a number of personal friends were present.

PAY RUN.—A pleasant, refreshing and cooling Porrimo. An excellent article for the head or hair, and also for bathing, especially in warm weather. For sale by G. R. CURTIS, Peoples' Drug Store.

TAMARINDS—Fresh and nice at the PHILADELPHIA DRUGSTORE.

WHOLESALE REBEL DESERTIONS.—The Norfolk *Old Dominion*, of the 10th, says that on that morning over 800 deserters came over in a body on the extreme right of the rebel position.

The Bloomington (Ill.) *Democrat*, died with its party on the 8th inst.

PERSONAL.—Charles Holt, formerly of this paper, has been spending several days in this city reviving the days of Auld Lang Syne.

He left for his new home in Quincy, Ill. last evening.

GOOD NEWS TO ALL.—A. LINCOLN proposes to shave the citizens of Janesville and vicinity for five cents a shave, those who shave regularly with him. Sunday shaves ten cents each. West Milwaukee street up stairs. nov17dawlm309.

RETURN OF THE 12TH BATTERY BOYS.—A number of the 12th Battery boys, wounded in the battle of Allatoona, arrived in the city last evening. Among them are Messrs. Sylvester St. John and James Croft. We believe there were others, but we did not learn their names.

RESIGNED.—Rev. E. J. Goodspeed who has had charge of the Baptist Church here for the last four years, resigned his charge last Sabbath, to take effect upon the first of December. His resignation has been accepted by the Society. We understand he goes to Chicago to take charge of one of the largest Societies of that city. Sorry to have him leave Janesville.

DOING WELL.—We are gratified to learn that Adjutant Millmore, of the 37th Regiment, who was severely wounded near Petersburg, a short time since, and who arrived home in this city, last week, is recovering from the effects of his wounds as fast as could be expected. He has proved himself a brave man and gallant officer and we trust he will soon be restored to health.

MEETING FRIDAY AFTERNOON AND EVENING.—It will not be forgotten by the ladies of the Soldiers Aid Society, that Mrs. Coit of Milwaukee is to meet with them at their rooms, on Friday afternoon, at 2 o'clock, and that there is to be a meeting in the evening, at Lippin's Hall, which will be addressed by Rev. Mr. Thompson, and other gentlemen, to which the public is not only invited, but it is expected the Hall will be full. This meeting has for its object, the devising of a new plan to replenish the funds of the Sanitary Commission, so much needed now. Go and hear the speaking, and encourage those who are working in this enterprise. There will be good music as well as good speaking on the occasion.

R. R. ACCIDENT.—A freight train standing on the track at Dunton Station, C. & N. W. R. R. was run into by another freight train going in the same direction yesterday afternoon, about three o'clock. Several cars were smashed up and quite a number of hogs and cattle were killed. Fortunately no one connected with the trains was injured. We understand that this accident delayed the Madison Passenger due here at 8 P. M., until 2 o'clock this morning and the night Passenger due at 2 A. M., until 6 o'clock this morning.

The road is now clear and trains on time. Yesterday seems to have been an unfortunate day for railroad operations. We learn of no less than four accidents. Only two, however, were of a serious character; that above referred to and the accident near Milton mentioned in our yesterday paper.

BOARD OF SUPERVISORS, Nov. 17.—The Board met, and all the members were present with the exception of Mr. Cooper. The minutes were read and approved. Mr. Powell presented a resolution allowing Mr. Holdridge, Treasurer, \$88.00 advanced by him to purchase shade and ornamental trees to plant in the county square.

Mr. Tripp presented a resolution in reference to visiting the county poor farm on Friday the 18th.

Mr. Tallman, chairman on miscellaneous accounts, reported bills to the amount of \$492.77 of which \$470 was for wolf bounty, all of which was allowed.

W. H. Tripp, chairman on justice, coroner and constable accounts, reported a bill to the amount of \$44.10, all of which was allowed.

Also bills to witnesses to the amount of \$33.23, which was allowed.

## What Shall be Done for Them?

### Messengers Errands.—What is to be done for the soldiers' families this winter?

The County Board now in session will doubtless vote them an appropriation and the proceeds of the Union supper will afford them some relief; but cases are reported almost daily to claim agents in the city where families are out of food and other necessities of life. Many of them have not received any pay from the State since June last—and none from the government for a longer time. How can they live at present prices? Are the Ward Committees looking after these cases with all possible diligence? Would it not be a good plan to inaugurate for Thanksgiving day, some such move as has been adopted in Illinois, of a general donation of food, clothing and other necessities to each of these families so that no one shall be neglected, and thus show in a practical way that we too "sympathize" with the soldiers. These things are not mentioned in a spirit of complaint, but simply to call attention to a crying necessity that must be relieved in some way.

Nov. 17th, 1864.

LADIES' SOLDIERS' AID SOCIETY.—At a meeting of the society, held at their rooms on Wednesday afternoon, it was decided to prepare a supper for those who celebrate the result of the late election, next Tuesday evening, the proceeds to be appropriated to the relief of the families of the soldiers.

The following Committee were chosen to obtain provisions for the tables.

To sell tickets.—Miss Mary Noggle, Miss Mary Barnes, Miss Mary Williams, Miss Ella Norton, Miss Libbie Trask, Miss Julia Wilson, Miss Flora Smith, Miss Belle Burdick, Miss Jennie Williston, Miss B. Botwick, Miss H. Botwick, Mrs. Martha Stevens.

On Tables.—Mrs. L. Field, Mrs. Skinner, Mrs. D. Wilcox, Mrs. T. Lippin, Mrs. J. B. Groshy, Mrs. Nash, Mrs. R. B. Treat, Mrs. S. H. Culver, Mrs. Sloan, Mrs. Patton, Mrs. L. Kimball, Mrs. Warner.

The above committee are all requested to meet at the room in Jackson & Smith's Block to-morrow, Friday afternoon at 4 o'clock.

It is especially desired that all the friends of the soldiers and their families residing in the city shall furnish anything in their power for the tables, and render any service whether they are directly solicited or chosen or not, as it is intended to make the affair general and that all who wish may participate.

#### FROM THE SOUTH.

New York, Nov. 16.—The *Commercial*'s Washington special says later Richmond papers are received, and they show great anxiety concerning Sherman's movement. His being at Atlanta on the 7th with Hood's forces to remain so far in his rear, they regard as showing that he has no fears for the rebel general's movements, but is prepared to carry out a new plan upon a gigantic scale. It is suspected here that the rebels are entirely unprepared for this grand campaign of Sherman, and are convinced that they have perpetrated a great blunder in sending Hood to invade Tennessee.

The *Post's* Washington special says there are well defined rumors that Gen. Butler's New York speech foreshadows the policy of the administration.

Richmond papers of the 14th say that Hood is ill.

New York, November 16.—A special Washington dispatch states that an officer of one of the District of Columbia regiments reached here, having escaped from a rebel prison. He says 8,000 Union prisoners are in the stockade at Savannah, where they fare somewhat better than at Andersonville, and 2,500 more prisoners are at Milledgeville, Ga. This seems to indicate the removal of four prisoners by the rebels from Andersonville.

New York, November 17.—The Richmond *Whig* contains rumors that Hood took Decatur, Ala., and captured a garrison of 8,000 troops, half of whom were colored.

The 25th ult., a rebel attack on Huntsville Alabama, is also reported.

The Montgomery *Mail* of the 7th is expected an early advance on Augusta or Macon by Sherman. The Richmond *Examiner* ridicules the idea of any such nonsense.

The rebel newspapers have an amusing dispatch in reference to the last cavalry fight in the Shenandoah Valley, in which the rebels were sent whirling through Front Royal and lost two guns, several prisoners, &c. This rebel dispatch says that Sheridan's men were driven back with heavy loss including 200 prisoners captured, while Early's loss was slight.

WASHINGTON, Nov. 17.—Rebel newspapers fear that the official account of the destruction of the Union gunboats and transports on the Tennessee river near Johnsonville. Four gunboats, 14 steamers and 20 barges are claimed as having been on fire and burned up, consuming an immense amount of valuable property. We may well doubt a good portion of this as it is stated that all the barges on at Johnsonville were also destroyed, for we have since learned that Johnsonville is still held by the Union forces, and that but a very small portion if any of the army supplies there were burned.

The bombardment of Charleston, S. C., and Fort Sumter is reported as being still continued with steadyness and severity. Ten war vessels and 18 transports are reported at Hilton Head.

New York, Nov. 17.—The Richmond *Sentinel* says a federal Brig. General deserted from the army of the Potomac and reached the rebel lines, and that Lincoln has called for a million men. The *Sentinel* does not vouch for these rumors.

Richmond papers of Monday say that on the 9th Hood's army was at Teesumbia and Sherman's at Atlanta.

## FROM WASHINGTON.

New York, Nov. 16.—The *Commercial*'s Washington special says General Butler had an interview with the President to-day and it is already reported that he has been assigned to the command of an important expedition, and that he will not return to the army of the James. His speech in New York is warmly commended.

Richmond papers say Sherman was at Atlanta on the 7th. No allusion to his movements since then can be found in the files received, nor can it be seen that they offer any advice preparing the public for startling news of his operations.

The *Florida* has been ordered to New York for disposition in the prize courts. It is desired at the Treasury Department that Mr. Walker will replace Mr. Fessenden before Congress meets. This does not dispose of the rumor that he will succeed Mr. Fessenden after that event.

It is thought a new loan will soon be announced.

New York, Nov. 15.—The *Post's* Washington special says our Government will offer generous terms to the rebels before December.

## had against the Government and not against General Butler.

The *Herald's* Washington special says the Secretary of the Treasury has decided to anticipate the payment of the January interest in gold interest bonds.

General Butler and staff have gone to the army of the James.

General Canby has been sent east of the Ball Run Mountains since the 6th.

WASHINGTON, Nov. 16.—The Russian and Belgian Ministers at Washington have been instructed to proceed to Mexico, and congratulate Maximilian, personally, on his accession to the throne of that country. This was hardly expected of Russia.

## FROM SHERMAN'S DEPARTMENT.

NASHVILLE, Nov. 15.—Gen. Sherman's farewell message to his wife, dated last Thursday, is as follows:

"I start to-morrow. Write no more, and don't expect to hear from me except through rebel sources for some time to come."

Since then, nothing has been heard from Sherman, but you will doubtless hear from him through the Richmond papers in a day or two. Atlanta and its railroads have probably been since abandoned. They are of no earthly use to us now.

Hood, with his main army, is still on the south side of the Tennessee river, and will be astonished before long to learn how he has been encircled by Sherman. General Thomas has more than troops enough in Tennessee to whip Hood any day he chooses to provoke a battle.

New York, Nov. 17.—The *Times*' special correspondence of the 12th inst., says Beauregard's headquarters are at Corinth, and Hood with Cheatham's corps at Florence. The camp extends on the north side of the river as far as Tusculum. S. D. Lee's corps is at Jackson, and Stewart's corps is at Corinth. The entire rebel army, which a year ago numbered 75,000 veterans, cannot now muster more than 40,000, including Forrest's and Wheeler's cavalry and Dick Taylor's men.

The same correspondent says the reports of the light at Johnsonville in which Forrest claims such a great victory are most unkind of exaggerations. Instead of the Government suffering six million dollars one million will exceed the total government loss. The facts are, Forrest on the night of the 14th planted a battery of ten guns opposite Johnsonville and the next morning knocked to pieces three tin clad and seven iron-clad transports. The next day he shelled the town for forty-eight hours, and then left. Meanwhile a portion of Wheeler's cavalry and a brigade of mounted infantry appeared south of the fort but finding it strong and well garrisoned they returned to Florence. During the shelling every bridge but one was struck and only two burned. What little
